*Dear Steve and Nona,*

*Please forgive the typed message. My arthritic hands are no longer conducive to legible penmanship!*

*There are not enough words to express our gratitude for finding The Senior's Choice, you two and your team. It was a true leap of faith that turned out to be one of the best decisions we've ever made.*

*You gave us everything we needed to succeed in an industry that was completely foreign to us. The Senior's Choice template is beyond comprehensive. Clients and their families, caregivers, referral sources and home health personnel repeatedly told us that we operated with the utmost of professionalism and thoroughness.*

*The last 15 years has been the most rewarding of our professional lives. This experience will continue to be a source of pride and we have both of you to thank. You'll always hold a special place in our hearts.*

*Please promise to let us know if you're up our way and we'll do the same if we head south or to Tahoe. Chances are good now that we're retired! We would love to see you.*

*With much appreciation and admiration,*

*John and Terri*
